

About *Austin in Common*

Austin in Common will be a huge, **first of its kind** fundraising event for Austin Community Foundation and we need your help to pull it off. Happening in April 2024, this event will bring together thought leaders from communities across the city and aims to ensure the evening is reflective of all of Austin.

Nowhere else can you gather with 1,000+ people who have *Austin in Common* and share a desire to shape Central Texas' bright future together. Imagine TED-style talk, musical entertainment, cocktails, and networking all in one!

Shape Austin's Future with Austin Community Foundation

Austin in Common will highlight the ways we can solve big problems together, honoring Austin's past and envisioning its bright future. Your sponsorship demonstrates your commitment to investing in your Central Texas community.

By partnering with ACF, your gift has a powerful multiplier effect, translating into more than \$1.5 million of collective investment in the economic mobility of people across our local Central Texas community. Through our signature programs we not only infuse needed resources into organizations working to address some of Central Texas' greatest challenges, but we also build a coalition of informed and engaged advocates by including community members every step of the way.
